

## Superior Technology & Best Quality at Cost Effective Price

## **Technical Specification**

| MODEL                         | DM-45                       | DM-50        | DM-60  |
|-------------------------------|-----------------------------|--------------|--|
| CAPACITY RANGE (TPH)*         | 40 to 60                    | 60 to 90     | 60 to 120  |
| DRYER                         |                             |              |  |
| Length (m)                    | 6.026                       | 6.710        | 7.316  |
| Diameter (m)                  | 1.230                       | 1.540        | 1.850  |
| Exhauster (CFM)               | 10500                       | 12500        | 14500  |
| Burner Rating (Ltrs/Hr.)      | 200                         | 275          | 450  |
| BIN FEEDER                    |                             |              | 1  |
| No. of Bins                   | 4                           | 4            | 4  |
| Bin Capacity (MT)             | 7.4                         | 9.5          | 10.87  |
| Belt Feeder Width (mm)        | 400                         | 450          | 500  |
| Gathering conveyor Width (mm) | 950                         | 950          | 950  |
| SLINGER CONVEYOR              |                             |              |  |
| Conveyor Width (mm)           | 730                         | 730          | 810  |
| LOADOUT CONVEYOR              |                             |              |  |
| Conveyor Width (mm)           | 810                         | 810          | 950  |
| Loadout Height (m)            | 4.12                        | 4.12         | 4.25   |
| Hopper Capacity (kg)          | 1000                        | 1000         | 2000   |
| POWER REQUIREMENTS            |                             |              |  |
| Drum Drive (HP)               | 20                          | 25           | 40   |
| Exhauster (HP)                | 20                          | 25           | 40   |
| Bin Feeder Hopper (HP)        | 2                           | 2            | 3  |
| Gathering Conveyor (HP)       | 5                           | 5            | 7.5  |
| Slinger Conveyor (HP)         | 5                           | 5            | 7.5  |
| Vibratory Screen (HP)         | 1                           | 1            | 2  |
| Loadout Conveyor (HP)         | 5                           | 5            | 7.5  |
| Hydralic Powerpack (HP)       | 2                           | 2            | 3  |
| Bitumen (Asphalt) Pump (HP)   | 5                           | 5            | 7.5  |
| FILLER UNIT                   |                             |              |  |
| Rotary valve (HP)             | 2                           | 2            | 2  |
| Blower (HP)                   | 5                           | 5            | 5  |
| DRYER AUTOMATIC BURNER        |                             |              |  |
| Fuel Pump (HP)                | 2                           | 2            | 3  |
| Blower (HP)                   | 5                           | 7.5          | 15   |
| Hot Oil Pump (HP)             | 0.5                         | 0.5          | 0.5  |
| BITUMEN TANK                  |                             | 1 2 20       | 5  |
| Capacity (MT)                 | 20                          | 20           | 20   |
| Insulation (Glasswool in mm)  | 50                          | 50           | 50   |
| FUEL TANK                     | TIM                         | The states   |  |
| Capacity (Ltrs.)              | 5000                        | 5000         | 5000   |
| TOTAL CONNECTED LOAD          | and the state of the second | and the same | and and a state of the state of |
| Load (KVA)                    | 120                         | 135          | 220  |

the set

## Components of Asphalt Drum Mix Plant

DN-68

B

Certain Components shown here are optional. Please refer to our offer to know the exact scope of supply.

Vibrating Screen & Mineral Filler

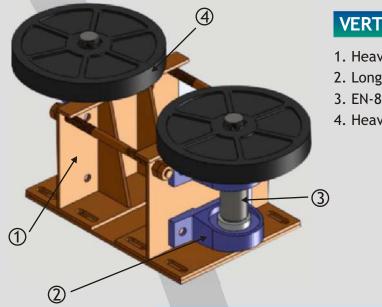

Higher capacity plants are available on specific enquiry.

## Sub Assembly for Asphalt Plant

1. Heavy Duty Fabricated Stand. 2. Chain Alignment in Few Minutes. 3. EN-8 Hardened chain sprocket. 4. Tension Spring for Gear, Motor,

5. Continuous Drop Flow Oil System.

### VERTICAL ROLLER STAND

- 1. Heavy Duty Fabricated Stand.
- 2. Long life standard Bearing Pedestal.
- 3. EN-8, Hardened Accurate Shaft.
- 4. Heavy Duty C.I. Fine Finished Vertical Roller.

# 4 (2)**IDLER SPROCKET ASSEMBLY**

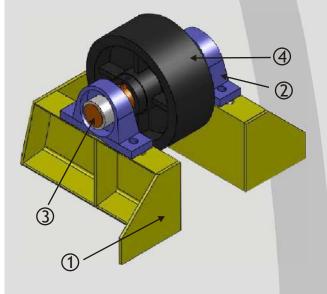

(5)

3

9

Special Design give long life Sprocket & Chain load. Its design by KDI. Chain Sprocket, Chain,

motors & Drum

### TUNIUN ROLLER ASSEMBLY

- 1. Heavy duty Fabricated Stand.
- 2. Long life Bearing Pedestal.

(2)

3

(4)

- 3. EN-8, Hardened Accurate Shaft.
- 4. Heavy duty C.I. Fine Finished Tuniun Roller

#### EXHAUSTER ASSEMBLY

- 1. Heavy duty Fabricated base Frame.
- 2. Exhauster body plate cutting in CNC M/c for Accuracy.
- 3. Heavy duty C.I. Bearing, Pedestal with S.K.F. Bearing.
- 4. Accurate Balancing with Alignment.

Special Design give in Normal Load of best Performance

### Other Products at a Glance

Wet Mix Macadam Plant

Bitumen Pressure Distributor

Paver Finisher

Reversible Concrete Mixer Plant

Mini Bitumen Sprayer

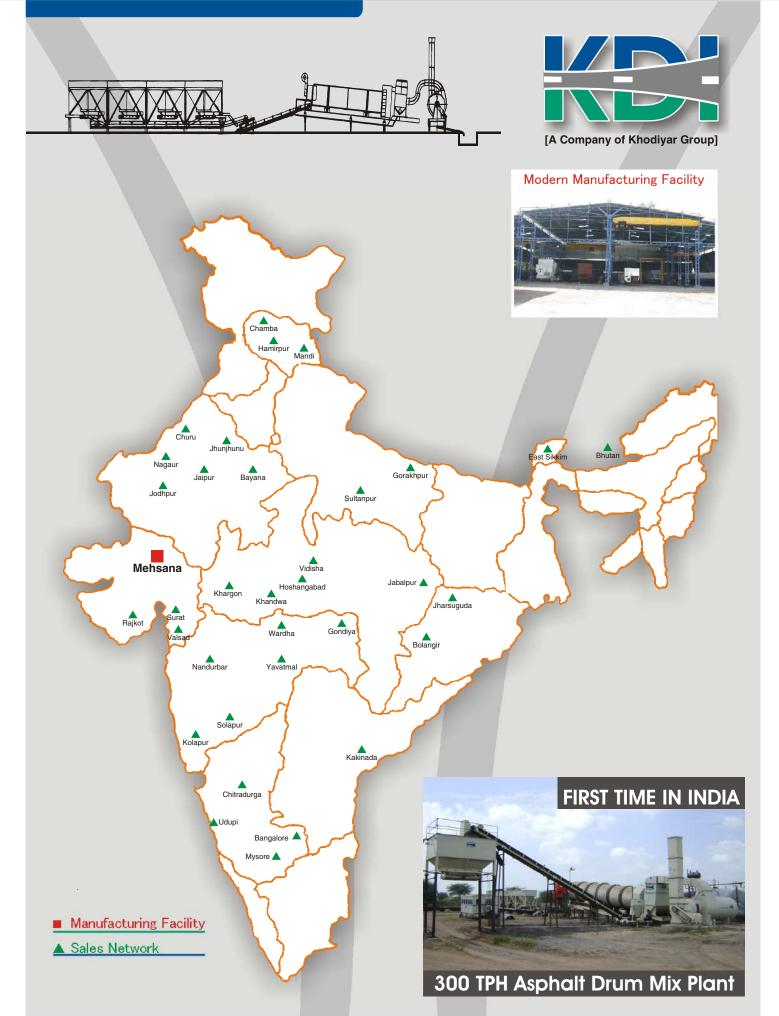

Mobile Drum Mix Plant

Hydraulic Broomer

Mechanical Broomer
